

Artstur / Accademia Italiana Club

Caravaggio - *Repose in the Flight to Egypt* (1594) - Doria Pamphili Gallery, Roma

The Accademia Italiana Club has been created to foster an understanding of Italian Art and Culture and to provide Club facilities for its Members.

The Club has the following aims:

- To promote Italian Art and Culture
- To foster an appreciation and love of contemporary Italy
- To generate a lively communication within the Club

Located in a grand 19C house on Exhibition Road and close to the V&A, Science and Natural Museum and many colleges including the Royal College of Art and the Royal College of Music, it benefits from an environment of youth and culture.

The house belongs to the Polish Club who have kindly invited us to share their facilities. Included is a Restaurant with a terrace overlooking an extensive green area, a Bar area, a Ballroom occupying the entire first floor and a Library on the second floor suited to lectures and meetings.

The Cultural and Social Programme includes a series of lectures and presentations in the Library, and major events in the Ballroom. These events range from important lectures and art events to concerts, operatic evenings and other media soirées.

Visits to Italy for particular cultural events or to venues offering something special are included in the programme.
