- Introduction to Italian cuisine.
- Concert by Maggio Musicale.
- Facilitates finding work experience.

TESTIMONIALS
"I highly recommend Artstur if you like a small group and have a special interest in what the tour is going to offer you. It is not the usual Grand Tour of a city like Florence for example when one dips into all aspects of the city, but with Artstur, one is brought on a special visit, in a special way, to see a particular aspect of the Artistic journey which is so enlightening!"

"I have been on several tours with Artstur and have always been impressed by the number of people who return time and time again."
